Mrs. W. McEl, a son.

The Western Canada Irrigation
Convention will be held at Kam-
loops, B.C., July 28, 29 and 30.

Average first year de-
preciation of the Ford
car is \$125 as against
\$250 to \$400 for practi-
cally any of the lower
priced cars.

It is difficult to set any definite figure for the de-
preciation of an automobile. So much depends on
the condition of the individual car at the end of the
season.

The average price paid for used cars in the \$1000 or-
less class at any time during the first year is about
\$250 to \$400 less than the first cost. But the average
used Ford sells very quickly for \$125 less than the
purchase price

Compare the Ford depreciation cost of about \$10 a
month with the probable \$30 or more a month that
the other kind will cost you. Which is the better
investment?

Sapper Arnold Heywood Has Made the Supreme Sacrifice

The following telegram was
received by Mrs. Heywood
Thursday morning from the
war office:

"Ottawa, June 28th, '16.
Deeply regret to inform you
Sapper Arnold Heywood, en-
gineer, officially reported killed
in action June 22nd.
Officer in Charge Record office."

Mr. Heywood enlisted with
the 13th C.M.E. over a year
ago, and was transferred to
Coulthart's Engineering Corps,
and went overseas last Jan-
uary. Soon after arrival in
England the corps was sent to
the front.

This is the first fatal casualty
among the men who have en-
listed from Blairmore.

Mr. and Mrs. Heywood came
from England to Blairmore six
years ago. He was a quiet un-

assuming man. He followed
the trade of blacksmith and in
that capacity worked at the
cement works for several years.

He leaves a wife and two
small children to mourn his
loss. The Enterprise joins with
the people of Blairmore in
heartfelt sympathy for the be-
rieved family. May true patri-
otism be shown by never for-
getting in the days to come the
one that has laid down his life
for us and by remembering the
loved ones he has left behind.
He died to uphold the flag.
May we not forget the burning
words of Mr. J. E. Gillis when
he presented the colors to the
186th Battalion on June 1st.
"Those of us that remain may
have to go for this flag must be
upheld at all cost and all sacri-
fice."

Plan to Get Rid of German-Made Goods

Retail merchants who purchased
German made goods before the war
have found themselves in a diffi-
cult position. If they did not dis-
pose of the goods they suffered a
financial loss that they could ill
afford. If they did offer them for
sale someone would discover the
"made-in-Germany" tag, and the
unfortunate vendor would be de-
nounced as a traitor and a reneg-
ade and guilty of trading with
the enemy. It was an unpleasant
predicament, either way.

The retail section of the board
of trade has been discussing the
case of merchants who have Ger-
man made goods, purchased and
paid for before the war, which they
are unable to dispose of because
of public sentiment.

In discussing the matter, it was
suggested that perhaps the adver-
tisers might institute an adver-
tising campaign, whereby the mer-
chants who have their money tied
up in this way, advertise the fact
that during a certain period they
will put on a special sale of these
goods, the newspapers probably
starting a special advertising page
for that purpose, and explaining
how the enemy's goods happen to
be on the merchants' shelves. In
this way the stock could be dis-
posed of, and the money which is
now tied up will be released for the
purchase of Canadian or British
goods.

MARY PICKFORD

In the noted play of theatrical life

"Behind The Scenes"

By Margaret Mayo, authoress of "Baby Mine"

In FIVE Parts

A fascinating play that contrasts the drama of life with
the glamour of the footlights. In the role of the little
actress, Mary Pickford renders one of the best charac-
terizations of her brilliant career.

By the lieutenant-governor-in-
council the bylaw changing the
name of "Berlin," Ont., to "Kitch-
ener," has been ratified. The
electors having voted in favor of
Kitchener.

Dr. Karl Liebsch, the Socialist
leader in Germany, has been sen-
tenced to 30 months penal serv-
itude and disarmed from the army
for attempted high treason, gross
insubordination and resistance to
the authorities.

The Cologne Volks Zeitung is
authority for Canadian gallantry
at Ypres in saying: "Many of them
made obstinate resistance, prefer-
ring to be killed rather than sur-
render. One general and several
officers, who refused to give in,
were killed. The general drew his
sword and when the sergeant de-
manded his surrender he cut the
sergeant through the face, where-
upon the infantrymen bayoneted
him. Many such groups who re-
sisted desperately, and refused all
mercy, had to be cleared out with
bombs."

Word was received in camp this week by Mrs. Joseph McLean that her husband, who was reported missing on June 2nd, is a prisoner of war somewhere in Germany.

Rev. Mr. Law, the new minister for the Bellevue Methodist church arrived this week, and has been introduced to his congregation. He preached his first sermon on Sunday. Rev. Law's last appointment was in the Peace River country, from where he has just arrived. His wife will soon join her husband at this place.

There was an Italian wedding in camp this week, when Nick Gramitic was married to a lady arriving from Italy on Sunday, and the marriage ceremony taking place at the Catholic church, the Rev. Father Boston, officiating. After the ceremony the bride and party went for a drive in Evans Bros' auto, and on their return they went to Mr. Gramitic's home, where they celebrated in good shape. The Italian band from Michel, B.C., was in attendance and furnished the music for the occasion. Everybody enjoyed themselves. Refreshments were served. The bride and groom received a number of useful presents. They start house-keeping with the best wishes of their many friends.

Two McGill students have been arrested at Sydney, N.S., as spies. The young men, who were on a walking trip, carried a blue print of the district they were to traverse, and stopped to examine this before the house of a very patriotic lady. As it was soon discovered that they were merely students who were working there for the summer, they were released.

A large number of folk looked in to be out of town tomorrow. Some will go to Calgary to take in the industrial exhibition, others will go to Coleman and Crow's Nest to engage in the sports and picnic which are to be held at those points.

For the present only two vendors of liquor under the new act have been authorized, one at Edmonton and the other at Calgary. The position in Calgary has been offered to and accepted by Rev. Dr. John McDougall, the pioneer of that part of the country.

A new association was organized in Blainmore about two weeks ago, to be known as the "Western Canadian Coal Mine Officials Association," having for its purpose the bettering of conditions for mine officials. The new organization has started out with a large membership which will be added to from all the mining camps in The Pass.

Western coal operations as represented at Calgary last week by Messrs. Stockett, Wilson, White, Young, Drinnan, Chamberlain and McKel, met Messrs. Graham, Higgs and Carter, of the U.M.W. of A., to consider a demand made by miners for a 10 per cent. war bonus. The operators refused the demand, but made a counter proposal, which the miners' representatives promised to place before the men for their consideration.

The W. A. Henderson Co. announce that Mr. Robert J. Ritchie, Peterson, C.A., has been admitted a member of the firm and that the business of the partnership at Lethbridge will in future be carried on under the name of "Henderson, Reid and Peterson." In 1807 there were only seven water-works plants in Canada. Today there are 528. The daily consumption of water in Manitoba per capita is 50 gallons, while in New Brunswick it is 145 gallons.

This is the saddest day in the history of the booze artists of this province. Dependence are getting around with long-drawn mouths, looking anything but pleasant, while that fact is intensified by the receipt of a nicely worded circular inviting survivors of the booze business to help fill the gaps in the province's battalions.

Rev. W. T. Young delivered at the Baptist church a very interesting lecture on "Livingstone, the Great African Explorer." He illustrated the same by excellent lantern views. He also threw on the canvas some interesting views of the Crow's Nest Pass. A goodly number were present and found that they had an evening well spent. It is expected that in a month or two Mr. Young will be present here with another interesting lecture.

A little school girl in Blainmore has written the following essay on the duck: "The duck is a low, heavy-set bird. He is a mighty poor singer, having a coarse voice caused by getting so many frogs in his neck and he likes the water and carries a toy balloon in his stomach to keep from sinking; the duck has only two legs and they are set on far back on his running gear by nature but they come pretty near mowing his body, some ducks when they get big curls on their tails are called drakes and don't have to set or hatch but just loaf and go swimming and eat everything in sight. If I were to be a duck I would rather be a drake than I have a wide bill like they use it for a spade, they walk like a drunk man, they bounce bump about from side to side, if you scare them they flap their wings and try to make a pass at singing."

The recruiting for the 78th Lethbridge Depot Battery has been authorized.

After waiting ten months for hot weather it arrived last week, but the knockers drove it away in three days. We must have a law against knockers, or nothing will stay in the province—Ex.

Pte. G. W. Tisdale, son of O. E. Tisdale, well known secretary of the Oddfellows' Grand Lodge of Alberta, who left last year with the 56th Battalion, is reported missing in a recent casualty list.

The annexation of Westgate and Occidental to Los Angeles makes Los Angeles the largest municipality area in the United States. It has a total area of 337.92 square miles, crowding Greater New York with an area of 314.75 square miles, into second place. Chicago is third with 198 and Philadelphia fourth with 129.

A proclamation rescinding the old North West Territories liquor laws will be one of the items in the special number of the Alberta Gazette, which will be issued soon. That was about the country to the north of Edmonton, where the permit system has been in force for many years. The proclamation becomes effective simultaneously with the new prohibition law.

It pays to advertise. In our last issue we published a notice to the following effect: "That two dollars that is owing the printing office for the last two months would enable the editor to pay a dish of ice cream at Paden's, a loaf of bread at Trabucchi's, a slave at Church's, a necktie at Thompson's, a cake of soap at Handley's and a pair of socks at Kalbury's, all of which were badly needed." In less than an hour after our paper reached our graving readers we received the credits, every thing but the shave nicely parcelled. We appreciate everything but the necktie and the socks. The socks were the kind usually carried in stock by Kalbury, and one of them, a lady's sock that was patched from the toe to the waist with every patch color blue, that of the original sock. The necktie resembled St. Pat., and fearing a hoodoo was quickly consigned to the waste paper basket. It kept coming in at least an hour with the greenest sheet on earth received that week from four miles west. Pretty soon we are going to try again, this time to advertise for a wife, and in advance would advise all candidates to get their credentials in order.

The editor of this rag left Monday for Regina, where he represents the local committee at the convention of the western branches of the Canadian Patriotic Fund, being held in that city this week. Before returning to Blainmore he will visit Edmonton where the provincial convention is to be held on Monday and Tuesday next.

The militia department has decided that for the overseas forces no more Highland regiments will be authorized. Units at the front now wearing kilts will have to wear trousers when their present uniforms are replaced by others. This will apply to all but the pipes. The chief reason for this change is that the kilts are not suitable for the trenches, particularly in cold weather. Then they cause a great deal of trouble for the ordnance department, which has to issue special uniforms for the Highland regiments. The order will not affect the active militia regiments.

A conference for rural leadership will be held at the University of Edmonton on August 7th to 11th, under the auspices of the Department of Extension of the University of Alberta, in cooperation with the affiliated theological colleges, the Faculty of Agriculture, the U.P.A. and all others who are disposed to assist in realizing the object of the conference, to promote an interest in and find solutions for problems of rural life in Alberta. Teachers, farmers, ministers of all denominations and any others who are desirous of seeing the possibilities of rural life in Alberta realized are invited to attend. Arrangements are being made with the railways to secure regular convention rates. Board and room will be provided in the university residence for five days at the rate of five dollars for each person.
